POLICY

Application

This policy shall apply to the clinical services of The Right Door for Hope, Recovery and Wellness.

1.0 Access

- 1.1 The Right Door for hope, Recovery and Wellness will provide a welcoming, responsive access system 24 hours a day, 7 days a week for our MDDHS designated catchment area.
- 1.2 Information, services and supports for mental illness, intellectual developmental disabilities, substance use disorders and/or co-occurring disorders shall be available to all in the MDHHS designated catchment area who are eligible and who qualify. Crisis services shall be available to anyone 24 hours a day, seven days a week regardless of holidays or scheduled/unscheduled office closures.
- 1.3 Specialized mental health and substance use disorder supports and services are an entitlement for qualifying, enrolled Medicaid recipients.
- 1.4 The Right Door for Hope, Recovery and Wellness directs and prioritizes services and supports to individuals with serious mental illness, serious emotional disturbances, intellectual/developmental disability and/or a substance use disorder. Priority shall be given to individuals with the most severe disabilities, those in emergency situations, and/or those who meet federal and state guidelines for priority populations.
 - 1.4.1 Individuals who do not meet specialty mental health and/or substance use disorder service criteria will be referred to alternative community resources in a timely manner.
- 1.5 Services may also be provided to individuals with other behavioral health or substance as resources allow.
- 1.6 Qualifying individuals shall not be denied a service because of an ability to pay issue.
 - 1.6.1 The access system shall address financial considerations, including county of fiscal responsibility as a secondary administrative concern, only after any urgent or emergent needs of the person are addressed.
 - 1.6.2 Access system screening and crisis intervention shall never require prior authorization.

- 1.7 All adult consumers (age 18 years and over) shall be presumed to be legally competent unless specifically determined by a court to be incompetent and have a court-appointed guardian. Furthermore, adults with court-appointed guardians shall be presumed competent in all areas not specifically covered by the guardianship.
- 1.8 Waiting lists for services may be established if funding is restricted or reduced. Those on a waiting list shall be prioritized for services based on severity of need. No Medicaid, Healthy Michigan, or MICHild beneficiaries shall be placed on a waiting list for any medically necessary, needed, and covered service.
- 1.9 Referrals to the appropriate mental health or substance use disorder provider for services and supports will be provided in a timely manner.

2.0 Medical Necessity

Medical necessity (as defined by MDHHS) criteria shall be used to determine eligibility and level of The Right Door for Hope, Recovery and Wellness supports and services.

2.1 Medical necessity determines what specific service(s) is medically (clinically) appropriate, necessary to meet the person's mental health needs, consistent with the person's diagnosis, symptomatology and functional impairments, is the most cost-effective option in the least restrictive environment, and is consistent with industry standards of care.

2.2 Social services and community supports, application of person-centered planning and environmental factors and other available resources that might address the situation must all be considered.

2.3 Medical necessity criteria are intended to ensure appropriate access to care, protect the rights of recipients, and facilitate an appropriate matching of supports and services to individual needs for the priority populations consistent with the resources available to The Right Door for Hope, Recovery and Wellness to served people.

2.4 Level and scope of services is contingent on available funding. Services provided through the use of general funds are not an entitlement to any individual recipient.

3.0 Assessment Process

3.1 Every person seeking services will be screened by qualified staff to determine if their presenting situation is urgent, emergent or routine. Staff will address urgent and emergent need first. Staff will inquire as to the existence of any established medical or psychiatric advance directives relevant to the provision of services.

- 3.2 Individuals will be assessed for the need of supports and services through a person/family centered assessment process. The assessment will be written in the consumer's words and include input from others as indicated and requested by the person served.
- 3.3 Re-assessments are to be completed annually or as necessary based on changes in clinical presentation or significant life changes of the person receiving services.
- 3.4 Following assessment, each recipient will have an Individual Plan of Service developed through a person-centered planning process in accordance with MDHHS guidelines.

4.0 Crisis Response

- 4.1 Emergency services will be available 24 hours a day, 7 days a week, for crisis intervention purposes.
 - a. Crises are defined by the consumer and/or care providers, law enforcement personnel and other community members.
 - b. Family and/or significant others are involved in the process of assessing and planning for crisis resolution as appropriate and as required by law, and in accordance with the rights and desires of the individual and family in the case of a minor.
- 4.2 Emergency services are available by telephone, face-to-face at a designated prescreening unit, the individual's home, shelter, hospital, jail or at any identified setting in the community. The safety of the consumer and staff will be considered in determining the best location for the service.
- 4.3 Pre-admission screening and coordination of psychiatric hospitalizations shall be conducted 24 hours a day, 7 days a week by qualified professionals authorized by the CEO to perform these assessments.
- 4.4 Community inpatient services are preferred over state psychiatric hospitalization. State inpatient facilities shall be used only after community-based options have been explored and determined insufficient or unavailable to meet the needs of the consumer.
- 4.5 The Right Door for Hope, Recovery and Wellness will provide post stabilization services for Medicaid beneficiaries once their crises are stabilized.
- 4.6 The Right Door for Hope, Recovery and Wellness will refer those without Medicaid back to the access system for assistance in obtaining services and supports following crisis stabilization.
