

**6/2/2020**

## **Communication on CLS/Respite Provision**

All CLS and Respite Services can be provided with the following required precautions to be instated with the service provision.

PPE and Handwashing trainings are required for staff already working to be completed by June 15, 2020. NEW STAFF must have the trainings completed prior to starting work.

FREE RELIAS Trainings

1. [Hand Hygiene: The Basics](#)

### **Hand Hygiene: The Basics**

Handwashing is one of the most important steps to break the chain of infection. This micro-course follows CDC disinfection guidelines to provide a refresher on the specific requirements to successfully stop the spread.

[Take the course](#) | [Accessible version](#)

2. [Personal Protective Equipment](#)

### **Personal Protective Equipment**

Addresses different types of recommended CDC PPE for covid-19 and influenza necessary for job tasks and how to correctly don and doff the needed equipment.
