## **FUNCTIONAL BEHAVIORAL ASSESSMENT (FBA) AND BEHAVIOR TREATMENT PLANNING**

- ❖ A Board Certified Behavioral Analyst (BCBA) uses a variety of different assessment methods to help determine the function of problem behaviors.
- ❖ Behavior plans are then made up of interventions developed from the results of those FBAs and use function-based interventions.
- ❖ These plans are then carried out by caregivers under monitoring and training from BCBA's.

# HOME BASED SERVICES

Intensive services provided to children and their families to support families in meeting their child's developmental needs and to support and preserve the family unit. Services are provided in the family home or community.

Family driven, youth guided treatment is provided through a combination of services including but not limited to:

- ❖ individual and family therapy,
- ❖ case management,
- ❖ crisis intervention and
- ❖ coordination with other supports.

# HOUSING ASSISTANCE

Assistance with short-term, transitional or one-time only housing expenses for individuals moving from restrictive settings to more independent settings. Individuals are eligible for housing assistance when other benefits, personal or community resources cannot cover the housing cost.

# INFANT MENTAL HEALTH

## - AGES 0-3

Home-based support and interventions to children birth through ages three designed to promote healthy infant development and parental skills.

Interventions work to establish:

- ❖ nurturing parent-child relationships,
- ❖ connect families to supportive resources in the community and
- ❖ strengthen parent capacity to provide appropriate care to their child.

# INTEGRATED HEALTHCARE COORDINATION

Assistance connecting individuals to primary care providers.

Support to both patients and medical providers to ensure behavioral health concerns are not a barrier to high quality health care.

# JAIL DIVERSION

This Photo by Unknown Author is licensed under [CC BY](#)

Case management and community support services to divert individuals with a mental illness or intellectual disability who have committed non-violent crimes from jail.

# JUVENILE JUSTICE LIAISON

Based at the juvenile court, the Massachusetts Adolescent Youth Screening Instrument (MAYSI) is used to identify youth at risk for mental illness.

Those identified as being at risk are provided with resources and referrals as appropriate to meet the adolescent and family needs.

# PARENT SUPPORT PARTNER

A trained parent peer, who has or had a child with behavioral health needs.

Provides:

- ❖ education,
- ❖ support and
- ❖ training to parents

Goal: Assist with the development of skills needed to support their child(ren) to improve in functioning.

# PEER SUPPORT

Peer support services are an evidence-based mental health model of care provided by a Certified Peer Support Specialist who assists individuals with their recovery from mental illness and substance use disorders.

Services are based on individual needs and may include:

- ❖ support with health navigation,
- ❖ accessing resources and
- ❖ achieving community participation, independence, recovery and resiliency.

Here to help

# PSYCHIATRIC CARE

Evaluation, treatment and monitoring of behavioral health related symptoms that require medication as a part of the treatment.

The Right Door employs:

- Child Psychiatrist
- Adult Psychiatrist
- Psychiatric Nurse Practitioner

# RESPITE

Respite care provides short-term, intermittent relief to family or other primary caregiver(s) from the daily stress and demands of caring for a child or adult with intellectual/developmental disabilities, severe emotional disturbances, or mental illness who has comprehensive support needs.

# SCHOOL-BASED OUTREACH

Consultation, assessment, crisis response and referrals provided to children and their families when schools have identified the need for possible behavioral health treatment.

2019/2020 School Year School-based support will include:

- School-based outreach worker: visits all schools
- 5 school-based social workers that will assist schools in Ionia to address behavioral, mental and trauma concerns

This Photo by Unknown Author is licensed under CC BY-NC-ND

Screening, assessment, and  
treatment referrals.

# SUBSTANCE USE ASSESSMENT

# SUPPORTED EMPLOYMENT

Utilizing the evidence based program, *Individual Placement and Support*, an employment specialist works one on one with individuals seeking employment.

Individuals assisted with developing resumes, building interview skills, connecting with local employers and ongoing training and support once employment is obtained.

# TARGETED CASE MANAGEMENT/SUPPORTS COORDINATION

Services include:

- ❖ assessment,
- ❖ planning,
- ❖ crisis prevention and intervention,
- ❖ advocacy,
- ❖ coordination and monitoring to assist individuals in gaining access to needed:
  - ❖ health services,
  - ❖ financial assistance,
  - ❖ housing,
  - ❖ employment,
  - ❖ education,
  - ❖ social services, and
  - ❖ other services and natural supports.

# TREATMENT FOSTER CARE

Specific to youth within the Ionia County Juvenile Justice System. Provides the opportunity for youth to develop skills in a foster home, rather than an institutional setting. Takes a team based approach and intensive coordination between the youth, family of origin, foster family, treatment providers and other community supports.
